PROFESSIONAL EXPERIENCE

GogoShark Web Dev | Senior Webflow Developer | Nov 2024 – Jan 2026

- Delivered modern Webflow websites for startups, SaaS companies, agencies, and service businesses.
- Developed scalable CMS structures, reusable components, dynamic content systems, and landing pages.
- Implemented advanced interactions, forms, analytics, and third-party integrations.
- Collaborated closely with designers to convert complex Figma designs into production-ready websites.
- Improved website performance, responsiveness, accessibility, and content management workflows.

Ace Studio House | Webflow Developer | Jan 2023 – Sep 2024

- Built marketing websites, lead-generation pages, and CMS-driven platforms using Webflow.
- Created reusable design systems and responsive layouts for efficient project delivery.
- Executed website redesigns, SEO improvements, content migrations, and frontend refinements.
- Integrated automation tools, CRM systems, analytics solutions, and external services.
- Supported client launches through testing, optimization, and deployment activities.

Flowtrix | Junior Webflow Developer | May 2020 – Mar 2022

- Assisted with Webflow development, page creation, CMS configuration, and content management.
- Built landing pages, blogs, service pages, and dynamic content collections.
- Customized interactions, navigation systems, layouts, and responsive experiences.
- Conducted QA testing, browser compatibility validation, and mobile optimization.
- Supported project launches and post-deployment refinements.

KEY PROJECT STRENGTHS

- SaaS Marketing Websites
- Startup & Corporate Websites
- CMS-Driven Content Platforms
- Resource Libraries & Blogs
- Landing Pages & Conversion Funnels
- Website Optimization & SEO
- Client-Friendly Content Management
